Public Seminar
Ms Marij Veugelers
Wednesday 7 December

INNOVATIVE LEARNING SPACES

Marij will present the current state of learning space design in the both Amsterdam and the Netherlands. She will also provide insight into the difficulties of developing innovative learning spaces in the Netherlands.

This will be an interactive session and there will be a discussion around sharing knowledge and experiences in the design of learning spaces in both the Netherlands and Australia.

Date: Wednesday 7 December 2016
Time: 1.00pm - 2.00pm
Venue: Room 601, Building 9 - Michie Building
The University of Queensland, St Lucia, Brisbane

Register: HERE

MS MARIJ VEUGELERS

Marij Veugelers is the Consultant, Campus Development at the University of Amsterdam (UvA) and the Amsterdam University of Applied Studies comprising 5 campuses. In the coming years there will be large renovations and new building projects, and her role is to create a climate for more innovative learning spaces.

She has been Project Manager, eLearning at the IT department for the University of Amsterdam for 16 years and was responsible for creating the first Classroom of the Future in 2011 and the first digital assessment room in 2014. Nowadays there are 4 special active learning classrooms at the UvA. In the Netherlands, she has organised expert exchange meetings about redesigning learning spaces and for years she does presentations on the Dutch Education days. She has also presented and published several times in the Netherlands and abroad about portfolio implementation aspects.

Marij’s background is project manager, educational consultant, career/student counsellor and biologist.
