INSTITUTE FOR TEACHING AND LEARNING INNOVATION (ITaLI) THE UNIVERSITY OF QUEENSLAND

The Institute for Teaching and Learning Innovation (ITaLI) takes a leading role in teaching and learning, professional education and innovation. ITaLI is an integrated teaching, research and service delivery centre for teaching and learning practices at UQ. ITaLI seeks to establish and maintain a flexible operating structure to drive and support innovation and excellence for these activities.

Under the Leadership of the Director, ITaLI provides leadership, engagement and advocacy in educational innovation, teaching excellence and learning analytics, and aims to transform teaching and learning across the University through the delivery of faculty and executive prioritised, teaching and learning projects and services. ITaLI addresses critical areas of unmet need in teaching and learning by bridging the gap between the exponentially expanding discipline of higher education teaching and the increasing complexity of teaching to assist University teaching staff and improve the learning experience of students.
