As a recipient of funds under the scheme, you are required to adhere to the following conditions of award:

**GENERAL CONDITIONS**

**Variation and Extension Requests**

Any variation to the project, that alters or amends the approved project application, must be supported by the relevant Head of School, Associate Dean (Academic) or Executive Dean, and approved in writing by the Deputy Vice-Chancellor (Academic) or delegate via Institute for Teaching and Learning Innovation (ITaLI).

This request for Grant Variation or Extension must be accompanied by a completed Grant Variation/Extension form available from the Teaching Innovation Grants website.

**RELINQUISHMENT/TERMINATION**

Should the project leader need to withdraw from the project, written notification should be provided to the Pro-Vice-Chancellor (Teaching and Learning). The Project Leader should provide information on how the project will continue and nominate new project team leader combined with a letter of support from the relevant Head of School. If the Pro-Vice-Chancellor (Teaching and Learning) is not satisfied the project can proceed without undue difficulty, the grant may be terminated.

In the case of ECER Grant Recipients, please note, if the project leader needs to withdraw from their project, the project will be terminated.

**OPERATIONAL CONDITIONS**

**Payment of Grant**

The host school/faculty will be responsible for setting up a project account for the funding. Projects are funded in arrears on a quarterly basis pending approval by the Pro-Vice-Chancellor (Teaching and Learning) of six-monthly progress reports.

**Expenditure of Funds**

Funds may only be expended in accordance with the project budget. Any variation from the budget expenditure outlined in the application is subject to approval by the Pro-Vice-Chancellor (Teaching and Learning).

It is expected funds will be spent within one or two years, as per the submitted proposal. Extension of the project beyond this time is only permitted in exceptional circumstances, and subject to approval by the Pro-Vice-Chancellor (Teaching and Learning).

**Non-Approved Use of the Grant**

The grant **cannot** be used for:

- Building works.
- Teaching buy-out, except in exceptional circumstances as described above.
- Purchase of assets. However, asset purchases may be considered in exceptional circumstances and approved after consultation with ITS (this restriction would normally include computers and small digital devices which should be provided by the school or faculty as a contribution to the project).
- Travel that is not directly related to achieving the outcomes of the project (e.g. travel for dissemination purposes is not supported).
- The supplementation of projects being funded by other agencies.
• Projects which consist primarily or substantially of conference travel.
• Travel or other expenses while the grant recipient is on a Special Studies Program.
• Fees of overseas students.
• Basic facilities and equipment (specialised teaching and learning equipment may be funded).
• Projects that constitute the topic for an applicant’s higher degree thesis.

Basic Facilities and Infrastructure
Funds are provided on the assumption the basic facilities required for the proposed work will be available in the relevant faculty/institute/school. Basic facilities include suitably equipped and furnished accommodation; access to workshop services, library facilities, adequate computer facilities and secretarial services; as well as the required time to carry out the project.

REPORTING AND ACCOUNTABILITY
As a condition of funding the core project team will be required to meet with an ITaLI Academic quarterly for the duration of the project. The first meeting will occur within the first three months of project commencement to review the project timeline and to confirm the specific parameters and milestones appropriate to each project.

Interim progress reports are due every six months. This report will provide an update about progress against project deliverables and highlight issues and challenges.

Following the completion of the project, the recipient is required to submit a final report and financial acquittal on the outcomes of the project. Reports must be provided within three months of the end date of the grant.

All reporting dates will be included in the letter of award.

Please note: The Final report should be near completion by the Project End date. The three month provision to submit the Final Report is to ensure full financial acquittal. Project funds cannot be expended to complete a final report after the Project End date without an approved extension.

DISSEMINATION
At appropriate points during your project and/or after its completion, you will be invited to present project findings to the PVC T&L, school, faculty and/or UQ fora and periodic TIG awardee discussion groups, at which progress is shared and input sought.

ITaLI will provide public reporting on the allocation and progress of your TIG project on their website. The following information from your proposal will be publicly available: project title, funding awarded, project team lead, lead faculty, abstract and key words.

ACKNOWLEDGMENT STATEMENT
The following acknowledgement statement should appear in all material developed in association with your Teaching Innovation Grant or Early Career Educational Research Grant project:

Support for this project/activity has been provided by The University of Queensland Teaching Innovation Grant Scheme. The views in this project/activity do not necessarily reflect the views of the University.

Please choose only one of the words “project” or “activity” as is appropriate. This may also be replaced with terms such as “publication”, “website”, “brochure” etc. as appropriate. Where space is limited, please include the statement “supported by” next to the University of Queensland logo.
