

Teaching and Learning Reimagined

PROGRAM

MONDAY 2 NOVEMBER 2020	
12–1.30pm	<p>Opening event: Successfully navigating the COVID-19 off-road map (register)</p> <p>Professor Doune Macdonald PVC(T&L) launches our opening event before our keynote presentation by Dr Helen King to take you through the journey from teaching expertise, to teaching excellence and beyond.</p>
1.30–3pm	<p>Teaching large classes online – a cross-faculty teaching conversation (register)</p> <p>A session focusing on the practicalities, challenges, experiences and solutions linked to teaching large classes online.</p>
3–4pm	<p>Reimagining teaching during COVID-19 (register)</p> <p>Short presentations from academics across UQ on the outcomes to some of the challenges they have faced this year.</p>
TUESDAY 3 NOVEMBER 2020	
11am–12pm	<p>Real student experiences in 2020 (register)</p> <p>An interdisciplinary panel of students will share their views on topics such as online lectures, online assessment, engaging students, on-campus activities and academic integrity.</p>
12–1.30pm	<p>Real student experiences in 2020 roundtable (register)</p> <p>A virtual lunch to discuss the results and outcomes from the <i>Real student experiences in 2020</i> panel session in an open forum.</p>
1.45–2.45pm	<p>Inspera Assessment pilot showcase (register)</p> <p>Hear first-hand experiences of how some courses are piloting Inspera, including how they transformed their assessment and the benefits so far.</p>
3–4pm	<p>What happened next? (register)</p> <p>This webinar re-engages presenters of webinars throughout 2020 to ask what happened next? – and where they think they'll be in 2021.</p>
WEDNESDAY 4 NOVEMBER 2020	
12–1pm	<p>Identifying at-risk students (register)</p> <p>This seminar will outline the data-extraction and analysis process used to identify students who may be struggling in their academic studies and require additional support.</p>
5–6pm	<p>Closing event: Imagining teaching beyond 2020 (register)</p> <p>Dr Helen King joins us live for a discussion of key ideas raised throughout the event, facilitated by Dr Deanne Gannaway.</p>
